MDL No. 2179

**Resolution # LA-2016-003**

In accordance with the Oil Pollution Act of 1990, the National Environmental Policy Act, the Consent Decree, and the Final Programmatic Damage Assessment Restoration Plan and Final Programmatic Environmental Impact Statement, the undersigned representatives of the Louisiana Trustee Implementation Group (LA TIG) hereby agree that, due to site issues that arose during planning and development of the Louisiana Marine Fisheries Enhancement, Research, and Science Center (LMFERSC), analyzed in the Final Programmatic and Phase III Early Restoration Plan and Early Restoration Programmatic Environmental Impact Statement, the \$22 million allocated to the LMFERSC project will be reallocated to restoration projects intended to provide and enhance recreational opportunities. These restoration funds will remain in the Louisiana Natural Resources Restoration Trust Fund. The replacement projects will be determined by the LA TIG through the restoration planning process at a later date following public participation and input.
